Professional Summary

Results-driven Software Developer with hands-on experience in full-stack web development and AI-based applications. Strong foundation in building scalable, secure, and user-centric solutions using modern technologies. Passionate about problem-solving, clean code practices, and continuous learning in fast-paced development environments.

Technical Skills

- **Programming:** Python, Java, C++, JavaScript, SQL
- **Frontend:** HTML, CSS, React.js
- **Backend:** Node.js, Firebase
- **Databases:** MongoDB, SQL
- **Tools:** Git, GitHub, VS Code, Android Studio
- **Other:** REST APIs, Responsive Design, Debugging, Performance Optimization

Experience

Wah Industries Limited

Jul 2024 – Oct 2024

Web Development Intern

Wah Cantt, Pakistan

- Developed and maintained responsive web applications using modern web technologies.
- Assisted in backend integration and API handling to improve dynamic functionality.
- Collaborated using Git and GitHub in a team-based development environment.
- Performed debugging, testing, and performance optimization across multiple browsers.

Projects

Vision X – Intelligent Surveillance System

2025

Python, YOLOv8, PyQt, Flutter, Firebase

- Built a real-time AI-based surveillance system for intrusion detection and monitoring.
- Implemented YOLOv8 for object detection and vehicle tracking.
- Developed a Flutter mobile app with Firebase for secure remote access.
- Designed a centralized dashboard using PyQt for multi-camera management.

Custom eCommerce Application

2024

Flutter, Firebase

- Developed a customizable eCommerce application with real-time product updates.
- Integrated Firebase authentication and order management system.

- Improved user experience with responsive UI and smooth navigation.

AI Movie Recommendation System

2024

Python, Scikit-learn

- Built a recommendation system using collaborative and content-based filtering.
- Processed datasets and trained models using Pandas and Scikit-learn.
- Delivered personalized movie suggestions through a simple interface.

Education

University of Wah

2021 – 2025

BS Computer Science (CGPA: 2.98/4.00)

Pakistan

FG Degree College Wah Cantt

2019 – 2021

FSc Computer Science

Pakistan

Certification

- **Generative AI Application Developer**

2025

NCEAC – HEC Training Program
